Winslow Mayor Resigns

At a special meeting of the Winslow City Council, Chuck Dwyer, Winslow's mayor resigned his post as of February 1, 2020 for health reasons. We wish you well Chuck, and pray that your health issues are soon resolved.

Thank you for all you have done.

As of this writing the City Council has not named a replacement.

More Flowers in 2021, Please!

Do you love to garden, and floral eye candy is your gig? Our little town of Winslow needs some gardening love! You don't have to be a member of the Master Gardener group to make Winslow more colorful with flowers and herbs. All you need is a love of gardening. The City of Winslow budgets for the cost of new flowers each season, so you would get to go shopping at the greenhouse or local plant sale - sweet! Many of the existing garden beds have extra plants that could be thinned and used in other beds, or even taken home for your garden. Garden at your own pace and when is convenient for you, or grab a friend and make it a date.

Please consider adopting one of Winslow's already established garden beds and use your passion to make Winslow more beautiful!

Call (479) 634-3901 to get more information.

WINSLOW'S 2021 ARBOR DAY TREE SEEDLING GIVEAWAY MARCH 6TH

On Saturday, March 6, 2021, Winslow--recognized as a Tree City USA since 2016--will celebrate Arbor Day across from City Hall. Everyone in the area is invited.

Starting at about 9 am, after the mayor reads the Annual Arbor Day Proclamation, free tree seedlings (native to this area of the Ozarks), will be given away, first come, first served, and ending when we run out of trees.

Covid-19 masks and social distancing will be required.

After the mayor's reading, anyone wanting tree seedlings will form a line with people maintaining 6 -10 feet in separation. The seedlings will be clearly marked, with information pages available on

the height, spread, soil conditions, etc. for each tree. People are

Mayor Dwyer reading the Arbor Day Proclamation in March 2020.

asked to bring plastic bags in which to carry their bare root seedlings. A tree expert is expected to be there to answer questions and to address the importance (to wildlife and the environment) of planting native trees and getting rid of invasive species.

The species available include the following: PawPaw, Shumard Oak, Washington Hawthorn, Chinkapin Oak, Bur Oak, Gray Dogwood, and Buttonbush. The following may be available, but are not certain at this time:

Flowering Dogwood, Witchhazel, and Blackhaw. Quantities are limited, so we will try to distribute them as fairly as possible.

Short Quips

One reason the dog has so many friends: He wags his tail instead of his tongue.

Our days are happier when we give people a bit of our heart rather than a piece of our mind.

WINSLOW CITY

HAPPENINGS

Winslow City Hall and Museum Preparing to Reopen!

Winslow Museum and City Hall is gettin' purdied up! The renovations are nearly complete. The new ceramic tile museum floor is finished. Flood damage is repaired, and many of the walls have fresh paint.

With folks getting covid-19 vaccinated, masks and six foot of social distancing, we hope to open our Winslow museum and City Hall again by spring. The Winslow Water Department will likely continue to work from it's current remote location, to facilitate a safer and more productive work environment for it's employees. Demands on the Water Department have increased, and they need more physical space and time to keep the the water running for our citizens.

In the meantime, Winslow City Hall/Museum could be used more as the central hub for our city counsel members, and Museum volunteers. Museum volunteers would be a friendly face to visitors who are seeking information about Winslow, or just out sight seeing. Be creative! Play music, rotate museum displays, purdy up City Hall and make it a fun place to be in Winslow. Wi-fi is available at City Hall and the City Hall/Museum phone number is (479) 634-3902.

If you love visiting with people, Winslow history and wanna get out of the house a day or two each week, please give us a call at 479 634-3901. We will need a few volunteers, before we can determine which days the museum will be open. We would like it to at least be open Thursday, Friday & Saturday.

WINSLOW COMMUNITY MEALS

THANK YOU

For your loyal support and help from

We are OPEN for PICK-UP!

Hello from the Winslow Water Department!

Our goal is to get past due accounts caught up in early 2021, and so far, our customers have really been a great help with this goal! Thank you, thank you, thank you!

A friendly reminder, water bills will no longer be put into the renter's name. The homeowner will be responsible for paying the water bill on houses they own. If you no longer wish to rent your home to your current renter because of non-payment, you will need to inform your renter of this decision. We cannot be in the middle of conflict between renters and the homeowner. Thank you for your help with this.

Regarding Shut-offs: Accounts with a past due balance of \$100 or more will be on the shut off list, along with any renter who skips a payment. If you have a past due balance of over \$100, because of a leak, and are paying regularly on your water bill, you will not be in the shut off list, unless your balance is greater than \$500. We can no longer carry a balance of greater than \$500. Written shut off notices will continue to be sent, however, we will no longer be making courtesy phone calls to people who are repeatedly on the shut off list.

We are documenting locations of meters so our meter readers can more easily find the water meters. Many are really difficult to find! It would really help our meter readers if you could ensure your address is somewhere on your property. A 911 address sign can be obtained from the Fire Station, and would also help EMS find your home in the event of an emergency.

A reminder: brand new water meters are no longer available for installation OUTSIDE the Winslow City limits. Options outside the Winslow City Limits include water catchment system, drill a well, or contact Washington Water Authority for a new meter if your land is near their water system. New meters INSIDE the city limits are limited to single family housing for people who wish to make Winslow their home. Anything else will require approval from the City Council. Our City Council is exploring options for obtaining funding to upgrade our water system, which us currently at capacity.

A Good Year?

By Ben Holden

Maybe you feel you didn't have a very good year. What with the world's strife, the riots, the corruption in high places, the thoughtlessness of youth, the moral decline and taxes, taxes, taxes.

But take another look - at the sunshine dispelling the clouds.

You still have the greatest gift of all. You still have Belief...

Belief in God, Who created the light, so you could see the wrong and do something about it.

Belief in our country, which still holds the torch of freedom high and carries it proudly around the world.

Belief in people everywhere, who find happiness in kindness and reward in helping others.

Belief in your own community, the beauty surrounding you on all sides, the pride that prods progress toward better living for all.

And Belief in yourself, the example you set for others, the confidence you show in tomorrow, the rich inner life you find in faith.

Yes, the good still overpowers the bad in this wonder-filled world of ours. And you can bet this year is going to be great.

**Don't ever be afraid to admit you were wrong.
It's like saying you're smarter today than you were yesterday.**

Old People

By Vernice Schepp

They are not just old people, you know. They are life at its finish, a book in its last chapter. They were babies born small, new and fresh; they grew and learned, loved and laughed; they made mistakes and cried as you and I. Life taught them much - they are packed with memories and knowledge we can't know.

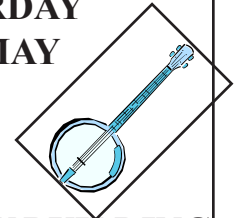

Here they are - they look back with happy thoughts, but sometimes sad that it's all over, why wasn't it different or why can't we do it again?

Be gentle now and listen, they have much to say. Times cries out and marches on. They're not just old people - learn from them, understand them and help them fill their numbered days with love and warmth; they need you! They are fragile gems, polished by life and time. They're not just old people. They are us tomorrow. We are them yesterday.

Memories of a Country Boy (ca 1940s)

By Wm F. (Dub) Davis, Jr

The Sow and the Pear Tree

One late summer, I think during my twelfth year in age, the Frank Davis-Julia Holder family was living at what we knew as the "Ward Place" on Crystal Hill road, I decided to go and check out a pear tree that I remembered at the old house with the cistern that we had moved from. This old place did have two or three pecan trees, and pear tree that would bear fruit each year. By now the old house had been torn down or burned, I can't remember which, and the yard was overgrown with weeds and light brush,

As I neared the pear tree, I could see that it was heavy with ripe fruit. I had already began to take off my shirt to make a sack to carry home the fruit, when I suddenly discovered a sow pig with a litter of piglets scavenging the pears that had dropped into the weeds. The sow saw me about the same time, and perceiving me as a danger to her babies, she turned and ran to attack the threat (me!!). Let me tell you, a sow with a litter of piglets can be one mean, dangerous animal! It happened so quick and the only way out of danger for me was up that pear tree.

During all the time we had lived at this old house, I had not been able to reach the first limb without the use of a ladder. I didn't have a bit of trouble reaching that first limb this time. I sat up that pear tree among the thorny limbs until the sow leisurely finished and then she ambled off. I then slipped down the back side of that pear tree and made a hasty retreat home.

And now, to this day, I'm not too fond of pears!!!
