Winslow Community Meals Welcomes New Board Members

At our October Board Meeting we said good-bye to two of our longstanding members. DiAnna Preston resigned her position as Board President. We wish her well in her second career in the Winslow Water Department. Debbie Wells has accepted the position in the Winslow Museum and also resigned. We will miss them.

Please welcome Thelma Jordan as our new President! She is a longtime supporter of the Meals program, a former cook for many years, and brings a wealth of information and experience with her.

Terry Reed is our Vice President/Secretary,

Britta Herzog is our Treasurer,

Sandra Burton remains Facility Manager

and we have 3 new Board Members. We elected Mrs. Herzog to serve on the Board and added two new members. Brandy and Jason Lee are "recent" transplants (they have only been here 6 or 7 years) and are excited to bring new and fresh ideas to the program. Despite COVID we have had two successful fundraisers this year and plan two more. We do not get any Federal Funding and a small amount of State level funding. We depend on you, the Community, for our very existence. We love you and are proud to be serving the community. Thanksgiving is our next fundraiser, we are offering a delicious take-out dinner. See the flyer here in this month's paper. Call early for the best pie selection.

The art of living the old ways, in modern times..perfected...

The sounds of chainsaws and wood splitting bring in November. I love the smell, and the nostalgic memories, of fresh sawed trees and chimney smoke all through the mountains! Families working together!

Bring on Thanksgiving and the family finding creative ways to get in on the Holiday season festivities!

Pies pies pies and all the fun sides! Chocolate chip cookies (like Beth (yes you!) used to bring to school bake sales)

Turkey moist and juicy with stuffing (mom's famous recipe, of course- on top of the woodstove) green bean casserole..

That yummy Chex mix stuff (hint hint Becca)

WINSLOW SENIOR CENTER

The Winslow Senior Center is located in the Rock Building down the hall from the Winslow Library. You enter through the Library using the ramp at the south side. It is open Tuesdays from 10:30 AM until 1:00 PM.

There's hot coffee and cold water to drink and if you're lucky you might even find some Little Debbie Snacks.

Many people have asked when Bingo was going to start again. This is the perfect place and time to do that. Winslow Meals is unable to open up to let us play Bingo due to Health concerns and serving food but this is not the case with the Senior Center.

We have the wheel, the cards, and a good start on prizes, all we need is a few or many people to play.

There are other games such as Dominoes, Skip Bo, etc. if you prefer those. We've even thought about senior chair exercises. We are flexible.

If you'd rather just sit around and visit that too is an option.

Come, Visit, Give us your suggestions. Let's get this going!! It can be a lot of fun.

Just because it's called a Senior Center doesn't mean you younger people can't come and enjoy it. Everyone of all ages are welcome.

HAPPY HOLIDAYS

When someone says “Happy Holidays” instead of “Merry Christmas”, remember, they are not doing it because of political correctness. They do it out of respect. From November 20th to January 24th, there are at least 14 different religious holidays. So, when someone says “Happy Holidays” to you, thank them. They do not know what you believe in. It is called respect, not a war on Christmas.

The Spiritual Pen

I am a doctor specializing in the Emergency Departments of the only two military Level One-Trauma Centers, both in San Antonio, TX and they care for civilian Emergencies as well as military personnel. San Antonio has the largest military retiree population in the world living here. As a military doctor, I work long hours and the pay is less than glamorous. One tends to become jaded by the long hours, lack of sleep, food, family contact and the endless parade of human suffering passing before you. The arrival of another ambulance does not mean more pay, only more work. Most often, it is a victim from a motor vehicle crash.

Often it is a person of dubious character who has been shot or stabbed. With our large military retiree population, it is often a nursing home patient. Even with my enlisted service and minimal combat experience in Panama, I have caught myself groaning when the ambulance brought in yet another sick, elderly person from one of the local retirement centers that cater to military retirees. I had not stopped to think of what citizens of this age group represented.

I saw 'Saving Private Ryan.' I was touched deeply. Not so much by the carnage, but by the sacrifices of so many. I was touched most by the scene of the elderly survivor at the graveside, asking his wife if he'd been a good man. I realized that I had seen these same men and women coming through my Emergency Dept., and had not realized what magnificent sacrifices they had made. The things they did for me and everyone else that has lived on this planet since the end of that conflict are priceless.

Situation permitting, I now try to ask my patients about their experiences. They would never bring up the subject without the inquiry. I have been privileged to an amazing array of experiences, recounted in the brief minutes allowed in an Emergency Dept. encounter. These experiences have revealed the incredible individuals I have had the honor of serving in a medical capacity, many on their last admission to the hospital.

There was a frail, elderly woman who reassured my young enlisted medic, trying to start an IV line in her arm. She remained calm and poised, despite her illness and the multiple needle-sticks into her fragile veins. She was what we call a 'hard stick.' As the medic made another attempt, I noticed a number tattooed across her forearm. I touched it with one finger and looked into her eyes. She simply said, 'Auschwitz ..' Many of later generations would have loudly and openly berated the young medic in his many attempts. How different was the response from this person who'd seen unspeakable suffering.

Also, there was this long retired Colonel, who as a young officer had parachuted from his burning plane over a Pacific Island held by the Japanese. Now an octogenarian, he had a minor cut on his head from a fall at his home where he lived alone. His CT scan and suturing had been delayed until after midnight by the usual

parade of high priority ambulance patients. Still spry for his age, he asked to use the phone to call a taxi, to take him home, then he realized his ambulance had brought him without his wallet. He asked if he could use the phone to make a long distance call to his daughter who lived 7 miles away. With great pride we told him that he could not, as he'd done enough for his country and the least we could do was get him a taxi home, even if we had to pay for it ourselves. My only regret was that my shift wouldn't end for several hours, and I couldn't drive him myself.

I was there the night M/Sgt Roy Benavidez came through the Emergency Dept. for the last time. He was very sick. I was not the doctor taking care of him, but I walked to his bedside and took his hand. I said nothing. He was so sick, he didn't know I was there. I'd read his Congressional Medal of Honor citation and wanted to shake his hand. He died a few days later.

The gentleman who served with Merrill's Marauders,

the survivor of the Bataan Death March,

the survivor of Omaha Beach ,

the 101 year old World War I veteran.

The former POW held in frozen North Korea

The former Special Forces medic - now with non-operable liver cancer

the former Viet Nam Corps Commander..

I may still groan when yet another ambulance comes in, but now I am much more aware of what an honor it is to serve these particular men and women.

I have seen a Congress who would turn their back on these individuals who've sacrificed so much to protect our liberty. I see later generations that seem to be totally engrossed in abusing these same liberties, won with such sacrifice.

It has become my personal endeavor to make the nurses and young enlisted medics aware of these amazing individuals when I encounter them in our Emergency Dept. Their response to these particular citizens has made me think that perhaps all is not lost in the next generation.

My experiences have solidified my belief that we are losing an incredible generation, and this nation knows not what it is losing. Our uncaring government and ungrateful civilian populace should all take note. We should all remember that we must 'Earn this.'

If it weren't for the United States Military,

there'd be NO United States of America !

Steven Ellison, MD
A MILITARY DOCTOR

And now as you have finished reading this, our Congress that enjoys their free medical care are in the process of charging these people for their medical care and at the same time possibly reducing their retirement pay. A typical political "thank you."

This should be required reading in every school and college in our country. This Captain, an Army doctor, deserves a medal himself for putting this together.
